Monkey 2979 entered the Astley Paradox. He asked Rick Astley for all the Pixar films, but Rick was never going to give him Up. However, by not giving the film to him, he let him down, which meant he had told a lie, so it didn't make sense. Monkey 2979 spontaneously exploded from this revelation.

Monkey 2975 was mauled trying to convince one of the two 2979s to change numbers.

Jebslund is a nation of kerbals ruled by Emperor Jebediah Kerman. We reject tyranny, believing that rights should be protected, though we also believe said rights end where the rights of others begin. Shockingly, we \*do\* use NS stats, with the exception of lifespan.

When Chuck Norris kicks the air someone still gets hit.

Monkey 2961 was the (formerly) living embodiment of that.
