Graves At Sea - *Pariah*

CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Death Grips-Whatever I Want (Fuck Who's Watching)

Pretty sure this songs looping "Fuck" over and over again. It's hard to tell...

Longest Death Grips song on I think their shortest album?

Death Grips-Guillotine

I think I'm beginning to tolerate Death Grips style music "More".
Doesn't seem to be something I'm going "Eh, I like this, but I can't really get into it all the time" as much anymore. Still doesn't mean I can exactly regularly listen to it.

Death Grips-Takyon (Death Yon)

Last song for a little while. Going to go and be productive outside. Maybe start a fire. Which will make me stay outside for hours because, even though I burn through LOTS of stuff, and fast when it gets going well, it still takes hours to make little impact on the ridiculous amount of piles of stuff we have lying around to burn through. Endless blackberries, tree branches, ect...

Lost Horizon - Highlander (The One)

*He's the one, pure in his heart
Shining fair in the pride never lost
Noble grace, unbroken faith
Running throughout the fields immense
Shouting free in the air embraced
Dancing there with the wind*
