Who got promoted? More importantly, if the previous three were each branch of government (legislative, executive, judicial) then what does this "new" capital represent?

From a magazine in 1976 (he was executed in 1966):
"Shaking hands as French prepared to return to death row, he leaned over to say: 'If I were covering my execution, do you know what I'd say in the newspaper headline?'

'What?'

Syzantine, the new capital, is technically an “honorary capital” because every other region has a capital and Simonia-Anegana shouldn’t be excluded. Though Syzantine does have a government role as it is the official capital of Simonia-Anegana and Mainland Simonia-Anegana.
