Antioch

"At the point in time when bullets can pass through the interdimensional walls, when firepower takes up the entirety and eternity of space and time, all being stuck in a neverending life and death cycle as bullets recover and destroy their bodies in quick succession, no one able to think about anything but the sheer force of the bullets rapidly flying literally everywhere in the Materium, turning the Warp itself into nothing but a sea of semi-automatic weaponry, then there will be enough Dakka. Or atleast almost." - The Emperor.

Proud user of NS stats. If you are bad at running your country, maybe take a look at yourself and ask yourself why.
