Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

I wouldn't.

We are the Ancient Macedonian Empire. Ruled by Alexander the Great, we have become the largest empire of the known world, our armies hold high prestige, such prestige that will never be lost to history. As a historical nation, we do not use NS-Stats as we aim to be historically accurate, even if we use a little bit of alternate history.
