a majority of people on this website have age and IQ below 17, are you surprised?

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level 6, Type 9) according to [this index](#).
Come to The Orion, we got [CULTURE](#) and [FURRIES](#)

Show Recommendation: Cobra Kai. It is very, very good.

IC Name: Roman Republic, or simply Rome (Rumei). Occasionally called the Ignisian Republic. Current year is 2697.

My name is Viola and it doesn't matter if Hispanics are 'technically' classified as white, we're not considered white by the general population. No one's gonna look at my goddamn brown skin and think 'Wow this person is white' in the same way no one is gonna think that a Middle Easterner is white even though they are *also* technically classified as white under the US census classifications.

So...is there any board that doesn't consider NSG a containment board?

It could apply as a cliché.

I remember filling out one of those in High School, marking Hispanic and then being presented with "White/Black/Asian/Other" to boot and thought "Oh, that's correct. Hispanic can be everything, it's a cultural marker, not a racial one." And then I used that Number 2 pencil to fill the bubble next to "Other" and a separate category that said "Mixed"....eh...technically correct?

South Reinkalistan wrote:

Using it incorrectly as a racial label sometimes happens...in F7's worldbuilding. But it happens a lot outside of NS, so meh.

Here's a cliché. When an RP thread is trying to slowly build up to conflict and out of nowhere someone comes in and pulls a Pearl Harbor, not sensing the vibe from other players. Why yes, I did just see that during my lurking of II.

NSG is literally the black sheep of NationStates. There are very few people there who know what they're talking about/are pleasant to talk to, the rest are on the bottom end of the Dunning-Krueger effect. The best thing for literally the entire forum would be to obliterate NSG.

As someone who likes RPing there a *lot*, it's actually very upsetting to see how shit the board can get. You do need to sort the wheat from the chaff.

A traumatized, but recovering, MT-PMT constitutional monarchy consisting of a personal union of Prussia and Poland. A land of rampant gun ownership, governmental schizophrenia, militias with enough heavy weapons to turn an armored division into a badly-shaken battalion of light infantry, and terrified USAF personnel counting down the days until they rotate back home.

Weaponization rate(14 weapons per person) and crime rate(1.77 crimes per hour) both canon. Cry about it.
