KEXP is weird because they play a lot of garbage but every now and then they play weird obscure stuff that isn't played on normal radio, like ambient music, and Sigur Ros.

[Hammock-Like A Valley With No Echo](#)

This song. Surprised I identified it as Hammock since I haven't really thoroughly listened to their new album yet to know the songs well. But it was bothering me because I knew it sounded familiar.

Also heard Lorde-Team on another radio station while at Pasado's, and then right before we got home when we switched to KEXP instead, the same station was playing Lorde-Royals, apparently...Such variety, radio...
