The Hand, peace be upon him, would very much like to squish this classic edgy degenerate. Too much black, too much red, and too much wannabe 'wah wah' Hitler footkissing puts The Hand, peace be upon him, in a bad mood. Proof that The Hand (pbuh) isn't completely random.

[Chief Aviator Gwen Tracer Hepburn](#) "Fate of Existence and the Ormiverse" [Ellen Trixie Caitlin Foxworthy Aril Verlene Eveline Celinda Sammy Doris Wit. Oxtan Arielle Lindall Leslie Vitesse Allison](#): Ahh, look at my good ol' Hand of the Fate! Just sailing away in the sunset, causing chaos and destruction to the wankers... Of course, I didn't have the heart to do it, so... I am glad that someone else took my position on that department. So one day, this giant hand, around 50-meters big, came into my office and he just gave me this "You rock" sign. And maybe a middle finger too. Then it proceeded to write on the wall, something along the line of "I would like to be your underling" and I'm like "Aww, I am flattered! You are like me, but... just a hand! This will come in HANDY!" He slaps me for that! Then I say "No one slaps the Fate and gets away with it, but this time... I like you, so I gave you exception" And that's how I befriended a giant hand and gave him all the powers he need to be my Right-Hand Hand.. It's not everyday that

As for "Chief Aviator Gwen Tracer Hepburn "Fate of Existence and the Omniverse" Ellen Trixie Caitlin Foxworthy Avril Verlene Eveline Celinda Sammy Doris Wit. Oxtan Arielle Lindall Leslie Vitesse Allison" what long names you folk have. Maybe I'll be able to say it quicker the more I say it, Death and Oni told me you all get mad if it wasn't said in full, yes?

I'm flattered by such a being admiring my abilities, I've gathered quite the amount of energy, souls of gods all to keep our existence, the flame of the living from fading.

Yes but I have no means of becoming a god, or more I don't have a hunger for souls, I won't want to endlessly slaughter all of existence. Nor will I want to see Lowblood expand as we were testing with space travel till Rapture decided to behead the poor lord before me.

As for your threat, try me. I'll be the last splinter you step on...

You are such a kind and kindered being, even if you have faced the biggest horrors known to mankind, or with internal affairs and conflicts from the people around you. I can only say that I am sorry you have to go through it all, but at the same time, there is a bright side to situations where you will come out strong. Well, I could expect no less of degenerate Prussians. I crucified a few of them after they and some Swede Carl Gustaf-sympathizers assassinated the late Emperor. If you do not yet know, King Carl Gustaf was he who was responsible for the heinous genocide against Poland known as the Deluge, back nearly four hundred years ago. And you Prussian scum joined in, breaking your alliance with Poland-Lithuania. And a brief stint in the navy? "Mr. Lagenmauer, you were this close to greatness my dear. I saw no issue with the way you governed your homeland. Your stance on fossil fuel energy is commendable and I'm glad we're able to agree that we need to get rid of this filth from the skies of our homelands.

While I am somewhat disappointed that you're too lethargic to fight back against corporate interests, I appreciate the fact that you still attempt to improve the lot of the working and middle class. I'm sure we both understand how vile and cruel corporations can be when their dirty hands start to stain the political theater. In any case, I would consider you an ally in one's fight to beat back the influence of the one percent, even if I do so happen to have family in that percentile.

However, one thing I absolutely despise about you: Your meddling foreign policy. How dare you! You have absolutely no right to go around and destabilize nations like a mad war-hawk, for the sake of the divines! Such

intervention will bite you back, kind sir! You will regret your malicious actions!"

AN: "Rather charming fellow, aren't you? And a man of science at that. However, if you wanted me to treat you seriously, you can forget it, Mr. Kal'Shazzar. I apologize but appearances can deceive. However, in this case, you do look like a mad scientist and my oh my, you're rather brave, aren't you? To go out on a limb and proclaim that you believe in an economic system such as 'Predatory Capitalism'. Do you have no shame?"

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

"Yeah, I fight Aterian forces together with my warbands, shooting those soldier boys with my desert eagle and bashin' them with my wardub. Hell... I even got a new scar on my face! But that doesn't mean, that I will fight in all his campaigns. I will never help to enslave someone or help to oppress innocents, no. Both things are Rapture's favorite. And this joint operation is an exception, cuz that Nemo's bratocracy really pissed me off, and while Mercer's intentions are pretty much malicious if ya' ask me, I like him a lil' bit more. At very least, he is competent and actually earned his post, and he did a damn good job at turnin' Rapture into an advanced place. Just to imagine... it could have become a splicer infested pisshole, but instead, it's a force, that can threaten the multiverse. Besides, I don't wanna tensions between Rapture and Skyhooked...

It is also interesting, that he made some sort of authoritarian rule, that somehow still abides Ryan's principals and is still a city, where "Scientist would not be bound by petty morality, and the great not constrained by the small." Such a pretzel he made... mmm... pretzels... good for weed munchies. I am gonna munch a few... good. Now, where did I stop? Oh, right!

But that doesn't mean I'd love to live there, cuz with those purity laws, I'd be quickly captured and experimented on... I am tough as hell, but his scientists, unrestrained by morals, will squeeze all the juices outta me. They would make me go through horrors, that would make Josef Mengele faint... "I wonder, what does "Chaos" as concept means in her philosophy? There are different meanings for it, after all... For example, somewhere "Chaos" is just freedom and such, while somewhere else it's something utterly evil and degenerate. I mean, something with so many perversions, which we, with all our liberalism and inclusiveness, would want to "Purge with good ol' exterminatus" after vomiting. I hope she is agaisnt the evil chaos...

She is competent and well learned, and her idea of mobile fortress is awesome! I mean, she can oversee things herself in all her empire, should she decide to do so, besides, wherever she goes, she is also well protected. A pragmatic move...

I am also pretty interested in magic, she likes to study and integrate into technology. In good ol' Skyhooked, magic is something experimental. Only some scientists study it as anomaly, and some special squads use it. We call them "Minutemen Battlemages", they can cast spells, they have learned in Tamriel. Oh, and some very rare dudes can cast spells too..."-Shawn Bjornson

//I will be using Shawn Bjornson seeing as thats the "True Leader" like the factbook said

"A brute. That Bjornson is an ungodly amalgamation that has no business being on this blessed earth. All things considered, the mere feat of creating something like this is a violation of the Flare Scroll."
