If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.

Far-Center Movement of Shin-Mutsu for only one explicit reason:

The other parties operate on a platform that seeks to decrease the few, extremely limited, democratic rights the people of Shin-Mutsu have. Under an FCMSM government, the current status quo would be upheld which is much more ideal for democratic demands to be fought for by movements than PIS, NISWL, and SMIG governments.

This decision ultimately comes down to what is not a discussion of ideology but a discussion of who would I rather organize under if I were the leader of an underground organization fighting for the enforcement of democratic demands for a more prosperous, safe, and free society.

For that reason, I would cringe heavily pressing this submit button had Shin-Mutsu been a real-life entity.

Tyranny of the Majority is just democracy manifested by other means.
