I use NS stats, but please don't look at taxation, it was a mistake.

8.5/10, there's something ominous about that black star

If a deal/request/trade cannot be negotiated due to ideological reasons, it would be nice to specify this somewhere. Please reply to Telegram msgs! They help solve a lot of issues.

The glitching affect on the flag makes me think that there's probably some very shady things going on in that nation, specifically of the corporate or intelligence agency kind, so I'm thinking 6/10 at least.

Appears more "traditionalist"/"tribalist"/"religious" than purely "evil". Even if those concepts do have some inherent problems associated with it.

As such I will score it 6/10 (slightly above "average" evil...)
