Man wonders why each of the new men die so quickly, and finds out that [Nuloerkun User], who emerged from cyberspace, is at fault for much of it. He goes to [\[Nuloerkun User\]](#) to investigate what to do next. However, [Nuloerkun User] then attacks [\[Nuloerkun User\]](#) citadel.

Show Spoiler

... while shooting Man with his pistol. 866 damage, Man dies.

Man escapes and flees into the F7 multiverse once again

In the multiverse, Man watches this thread develop, and is able to read [Nuloerkun User]'s mind.

Meanwhile, as [Nuloerkun User]'s health drops, he activates his SSSoD (Spinning Stop Sign of Doom), using the stop sign as a sawblade and setting it to progressively higher speeds. By the time he is at 10% HP, the rotation speed is 160,000 RPM, enough so that the outer rim of the sign is moving at Mach 5 and the sign glows bright red at 1000°C. This, of course, means a massive increase in damage, and it only gets worse for that last 10% HP, so you'd better finish him quickly if you want to have any chance of beating him!

Show Spoiler

However, it looks like Man 1's journey has finally come to an end, as he dies in his wife's arms.

Show Spoiler

The shuttle reaches the hospital in 3 minutes, quickly enough that he can be saved there, given Miku and Meiko's duet that they've found out to have profound healing powers.

Man happens to also work at this hospital, and looks for other patients who would like to join the ranks of Homo novus.

Man then goes to a baseball game and gets knocked out by a stray foul ball.

Meanwhile, Miku posts a comment on her most recent video (featuring Sans as mentioned a few posts ago): "If you try to mess with Man, you're gonna have a bad time." translated into 25 different languages. It gets 767 responses, but that isn't enough to prevent it from getting buried, as the video reached 100 million views in 3 days.
