God, my e-mail's been neglected

Also computer, it would be nice if you stopped running so effing slow, thanks. Took like 4 or 5 minutes to get to the damned NationStates tab from my e-mail.

God damn it, I swear everything is against me on my computer lately. The damn forum I'm trying to do anything had an error due to "server issues". Though I'm not sure if it's not just acting annoying because my computer is being annoying.

*Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.*
