The first part of the text discusses the importance of understanding the context of a document. It mentions that the context can be either local or global, and that it is essential to consider both when interpreting the text. The text also notes that the context can be used to identify the author's purpose and to determine the document's relevance to a specific topic.

The second part of the text discusses the importance of understanding the structure of a document. It mentions that the structure can be either linear or non-linear, and that it is essential to consider both when interpreting the text. The text also notes that the structure can be used to identify the document's main points and to determine the document's overall organization.

The third part of the text discusses the importance of understanding the content of a document. It mentions that the content can be either factual or opinion-based, and that it is essential to consider both when interpreting the text. The text also notes that the content can be used to identify the document's key findings and to determine the document's overall message.

The fourth part of the text discusses the importance of understanding the style of a document. It mentions that the style can be either formal or informal, and that it is essential to consider both when interpreting the text. The text also notes that the style can be used to identify the document's tone and to determine the document's overall presentation.

The fifth part of the text discusses the importance of understanding the audience of a document. It mentions that the audience can be either general or specific, and that it is essential to consider both when interpreting the text. The text also notes that the audience can be used to identify the document's purpose and to determine the document's overall relevance.

The sixth part of the text discusses the importance of understanding the source of a document. It mentions that the source can be either credible or unreliable, and that it is essential to consider both when interpreting the text. The text also notes that the source can be used to identify the document's author and to determine the document's overall credibility.

The seventh part of the text discusses the importance of understanding the date of a document. It mentions that the date can be either recent or old, and that it is essential to consider both when interpreting the text. The text also notes that the date can be used to identify the document's historical context and to determine the document's overall significance.

The eighth part of the text discusses the importance of understanding the location of a document. It mentions that the location can be either local or global, and that it is essential to consider both when interpreting the text. The text also notes that the location can be used to identify the document's geographical context and to determine the document's overall relevance.

The ninth part of the text discusses the importance of understanding the format of a document. It mentions that the format can be either print or digital, and that it is essential to consider both when interpreting the text. The text also notes that the format can be used to identify the document's medium and to determine the document's overall presentation.

The tenth part of the text discusses the importance of understanding the language of a document. It mentions that the language can be either English or another language, and that it is essential to consider both when interpreting the text. The text also notes that the language can be used to identify the document's cultural context and to determine the document's overall significance.

Yeah, they are. My favourite song is Daftendirekt.

Good choice. Rollin' and Scratchin', while we're at it. For that matter, just buy the album *Homework*. ☐
