The Abandoned Coca-Cola Headquarters in Atlanta, GA

After yet another generic zombie apocalypse broke out and overwhelmed the world, a group of Atlanta survivors found salvation and safe-haven in the old headquarters of the **Coca-Cola Company**. From there, they've created a **rudimentary small-scale society**, based on **barter**, **Coke consumption** and **firearms**. **Baking** in the **hot Georgia sun**, and their only respite and refreshment being various flavors of carbonated cola, they've also gone **slightly insane**. **React accordingly**.

Anarchist EU

A socialist republic in the southern parts of a vague North America analogue.

It's territory is comprised of the former Republic of Kato Van and Kingdom of Radaa (Kato Vanian puppet state)

NS stats aren't representative of the country exactly, still working stuff out

A communist revolution in Sea of Thieves.

A cluster of islands located in the East Pacific between the modern-day Ecuadorian Galapagos and Costa Rica. Founded after a libertarian revolution overthrew imperial Spanish control of the islands, and decisive rebel victory. Now a nation effectively worshipped by libertarians and conservative Christians everywhere.

Former communist mayor of rural Distrito Occidental town, Maria Pentecosa, announces she's registered as a democratic socialist due to the terrorist activities of the nation's communists.
