Since Liberza is monarchist and based in Germany, we despise nazism and any form of extreme ideology. Hate speech and supporting totalitarian ideologys is not permitted in the country, and there is no possibility for a legal nazi party to exist. Repeatedly advocating the murder of a certain group of people (even communists, whom we depseise as well) results in 50 years in prison at the very least, and at highest is life without parole

For BN: Killing an intruder in self defense?

violence your political opponents. And also destroys their attention span.

Skibidi toilet has lore but I'll ignore that, so I presume this would be incitement to violence, neglect, and child abuse. It'd get you in rehab for sure, with perhaps, what, twenty years of supervision? Mostly for the child abuse and incitement to violence.

Public indecency?

OOC: Hopefully I am not threadjacking but If I am correct Skibidi toilet almost got parlo banned but ok. Dafuqboom also had some good unappreciated series before skibidi toilet. To be honest, it needs to end, literally any video related to Skibidi toilet's comment section is literal fucking NS summer but worse.

4 years for assault, unless they killed the friend to get the finger, then minimum 10 years for murder.
