Most of their citizens are live in metropolis, very efficient, cold, stern, and spend most of their time for work.

We like sitting around, looking professional, so to prove it to you, we made it our primary banner!

"Free will is a myth. Religion is a joke. We are all pawns controlled by something greater: Memes. The DNA of the soul. They shape our will. They are the culture - they are everything we pass on." - *Monsoon, Metal Gear Rising: Revengeance*

*Disclaimer: This nation only uses some of the policies and stats stated. They will be stated if used, but are otherwise to be ignored.

No, this nation and its flag is *NOT* based off Minecraft, Terraria, or anything of the sort. I made the flag using an app on my phone (...and ran out of space). Please stop making relations to such, as it has become highly irritating to be compared to such. The art is of my own creation, and of my own ideas, not from a pre-existing game. Thank you.
