A Commotion, Mastodon.

this version is actually good!

man i hope they get their shit together next record - when they bring their A game it's one hell of a listen

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
