3/10, just apparently rejoined and only has 24 posts. No factbooks, only real notable thing is the name, flag, and them being in 5E.

BN, this is NOT how much you have seen me. This is how well known I am in general.

From the lower post count and more recent founding date, and the lack of anything identifying any previous nation (that I saw), likely not very known yet.

Though I have not interacted with them much, Rosartemis is a well-known raider and anti-fascist on the forums, and I would be remiss not to score them an 8.5/10 on the Zeitgeist Domination Scale™.

From the Minister of Foreign Affairs of the Marineri Islands:
The central emblem on the **Marineri Islands** flag represents a **penu**, a traditional carved rock or coral tool common across the Austral Islands (irl part of French Polynesia) which is used to crush food, similar to a pestle.

It is not a dress.

U.S.S. UNITED STATES (CVA-58)
"GONE, BUT NOT FORGOTTEN"

□ □ □ □ □

Intended as the first of a new class of "supercarriers" for the United States Navy under the administration of President Harry S. Truman. Her design was notorious for lacking an island superstructure and its unconventional deck layout, which would not be seen in the succeeding Forrestal-class.
In 1949, only five days after United States' keel was laid down, she was cancelled by Secretary of Defense Louis A. Johnson as part of a campaign to cut down the naval budget and advance the development of airborne nuclear deterrence via long-range bombers.
