Elbow-Can't Stop

This band retains their general sound throughout their albums, but evolves enough for me to enjoy them and think they're pretty good. I like their sound. Lots of mellow indie rock/alternative rock/art rock stuff, and some more upbeat, as well. Even on one of their latest albums they had a drone track (The first one I listened to, shown to me by a friend). Need to listen to their newest album...

Oranssi Pazuzu - ∞

Goddamn that symbol is small, I had to put the size to huge to make it even somewhat visible.
