the early show news broadcast on CBS news

National Anthem

"One of the serious problems of planning against Aggie doctrine is that the Aggies do not read their manuals nor do they feel any obligations to follow their doctrine."

"The reason that the Aggies does so well in wartime, is that war is chaos, and the Aggies practices chaos on a daily basis."

"If we don't know what we are doing, the enemy certainly can't anticipate our future actions!"

Quazar - Dayglo

“ CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

“ discoursedrome wrote:

everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there
