Princess-Sovereign of Hyrule, Zelda

"Oh, but what have I stumbled into? This is a man who is a member of a 'Supreme Soviet' ? His nation preaches this 'Communism' like it's out of fashion... And this, I simply cannot understand, unfortunately... What is this 'Communism' or 'Soviet' supposed to mean? Is it an ideology, or perhaps it's some kind of intrinsic foodstuff! A 'Soviet' does sound somewhat appealing as a food, but that is neither here nor there

Now, I should probably move along... I do wonder what this. Oh, for the love of. Well, I can't finish that, that would be quite blasphemous. Anyways, how am I supposed to pronounce this name? Okay.

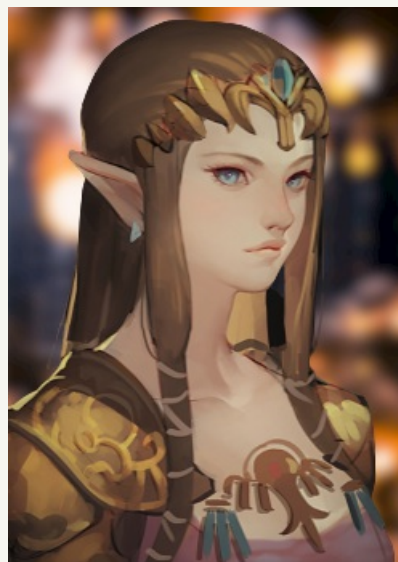

Toord...ög? Sükh. balsan? I hope that was a good attempt. Well, I do wonder what this man's game is... Any official document I managed to read upon makes him seem real approachable, he wishes to be with his family and care for them, it claims that he truly wants what is best for his people, he wants to make his realm reliant on itself rather than by foreign methods. However, I see how he acts. He is blatantly rude on occasion, he claims that he will cause 'accidents' to those who have upset him, and possibly more that I have been unable to pick up

on yet. If his actions that are hidden underneath state sponsored praise reflect his governance, I fear that the people suffer under a highly emotional, and careless tyrannical rule. I sincerely hope I am mistaken.

It was good to say my thoughts on a man of whom had caught my interest even before this encounter... Until we meet again. Sir."

What?! Does the NationStates forums no longer alert people of when new posts come up before you can even send your response(s)?

Edit done, but my point above still stands (I am ANGRY 😡)

Princess-Sovereign of Hyrule, Zelda

"And so, we move on to... Well, unfortunately another man who does not seem to know how to uphold morality, of his own personal beliefs, his actions within his realm and further on. To be brutally honest, after reviewing the small paper detailing a brief summary of this Alfred Haber, I would not see ourselves friends at all if we ever met in person...

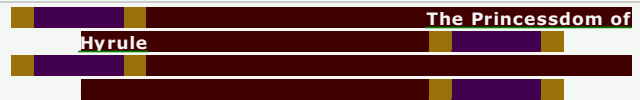

Perhaps there is something... Deeper that is perhaps wrong with Mr Haber's psyche. It seems that there are hints that this character of the. Vaterland? Is not sound of mind. If that is the case, then I would be somewhat sympathetic, and I hope that by the grace of Hyrule's Light, that perhaps one day your ailment could be cured. But nevertheless,

nothing excuses what the man attempts to hide. He supports a tyrannical, hugely immoral sect known as Group 935, so much so that he willingly turned his backs on his superiors to covertly continue funding. Mr Haber attempted to hide genocide and crimes against humanity in a neighboring realm of his world before the whole scheme was ratted out, and I can only assume so much more!

And now all of this has lead to his undoing, what will be his eventual ousting from power soon enough... Good riddance for his realm, and his people I say. If I can say anything, it is perhaps not too late to repent, Alfred Haber... You'd do yourself a favor by asking for forgiveness, admitting your wrongdoings, seeking treatment for your ailments and attempting therefore after to truly repent, and repay for what has been committed. If you continue in your beliefs and actions, you will be remembered as a brutal man who sought to do little else than throw countless lives away, and send your realm's prestige down the well! This... Is my brutal honesty, honesty which you seem to sourly lack.

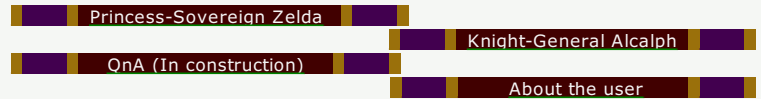

Goodbye... I hope that next we meet, you will be a changed man, but somehow. I unfortunately cannot believe that it will be the case."

The Princessdom of Hyrule. A fanfiction based on the Legend of Zelda :: Twilight Princess that takes place half a decade after the conclusion of the game. A new caste of Hyruleans, no less the newly built army resent the old Guard and Princess-Sovereign Zelda for the surrender of the realm to the Twilight and the weakness of Hyrule from invasion...

Meanwhile, the Zora worry greatly about the militarization of Hyrule, and the Goron less so due to the Economic stranglehold of the Rupee of which they have as leverage.

Never again shall Hyrule fall, and never again shall we sully the name of Hylia under our weakness!

She isn't even Nazi... Sure, some of her relatives *are*, a nazi party exists and even has some support and seats in the parliament (despite calling themselves nazis these guys barely clarify even as national populists, just don't tell 'em that a Nazi Party led by a paralyzed ALS-suffering girl seems absurd) and there is even an active Waffen-SS Aerial battalion (although the only thing that there's left from SS is the name and the uniforms)

For Hyrule:

I... Salute the Princess Zelda and her glorious deeds, especially concerning her bravery in the face of the enemy and the ability to defend herself against the assaults. Although I might disagree with her over some policies, but being honest about it, if Lakan wasn't under the threat of invasion by The Fallen, I wouldn't use such harsh policies as well... minus the whole monarchy thing, as I don't really share that view. The children, Valentina and Armfeldt, seem to be- well- nice people, if you

don't get on their bad side. That is something I would *never* want to do to any of them- lest I provoke their wrath. Ah, here we have a typical neoliberal president, who is but a pawn in the hands of the elite. Your nation suffers (probably) from inequality and concentration of power in the hands of the financial elites, and your family... Well, what can I say about your family- the fact that one of them is gay says quite much about it. And the fact that all of your children went to elite school also says a lot to me- what exactly makes you think that they deserve special treatment? What makes you think that your family should stand first over your people?

What are you wearing. Like, seriously, are you even a leader or a male stripper who wants to show off his cubes? I understand that in your nation people are free to choose whatever the hell they want to wear, but from my prospective this just seems wrong...Extremely wrong. Furthermore, it should be noted that you, I believe, are married to a man. While this somewhat explains your extravagant clothing style, this does little to help you rise in my eyes- I dislike gay people to the bone...

Speaking about your biography, I can't help but state my disdain for another monarch who had lived a privileged life at the expense of your subjects. What exactly, do you think, makes you special- the fact that you were born in the right time in the right family?

And, finally, your likes and dislikes. At least we both love a good fight, comrade! As well as armed pacifism- our ideology of Total Defensive War somewhat reflects this idea... Look, I could brag about pointless things in political disagreements with you for hours- instead, - draws her epee, - shall we fight like a true men of honor?

Bro, cool down- I probably used too harsh language! Apologies.
Well, she is 34 because of a mistake in the factbook that I've corrected, unfortunately, after I've seen your response. Sorry!

For AN:

You... For the love of God third time in a day I see a gay leader. Seriously- why is everyone so "super fabulous"? I completely disagree with your political ideas as, from my perspective, non-interference only leads to a rise of the neoliberal rule of the financial elites. Official response?

Yes, I am an authoritarian ruler. Any problems with this? Why should I abandon the policies of guiding ,y people towards the brighter future? The general populace tends to make terrible, horrendous decisions. That's where I come in, protecting them from themselves.

What makes you think that I support racial equality? Nah, using force to ensure that law, order and honor are preserved seems just fine to me!

Well, it works in our case (because most of the exports are machinery, weaponry and heavy industries products), so nah, again.
