No...the sound is very unpleasant for me, for some reason. >_<

And that is one of my favorite songs by her.

It is a pretty odd pop song so that may just be why. I can see why it wouldn't be one for everyone.

Stolen Babies-Splatter

My favorite is still Royals. There were some other ones I really liked but Royals stands out for me.

Overall I'd give the album a 7.5/10.

And Royals is probably my least favorite ☐. Though it has grown on me.

Also, I give it a 7.5/10, as well, so I guess we have the same opinion on it, really.

Oh yeah, I forgot to mention that the Buke & Gase album I'd probably give about a 8.5, though I may up it more because I might find it more listenable then some others I rate a 8.5. Or something I'd listen to more often, anyway. Though there are a couple that are rated even lower I'd listen to even more often, probably (Fever Ray album, though might up that one, too).

I might go more fancy to things like 8.7, 8.8, and ect just because with a whole compilation of albums, there will be ones I deem to be

more worthwhile the more I add.

Of course this means I'd have to go through ALL the albums I've listened to again, but I don't care about a lot of what I listened to enough to literally listen to everything I've listened to the last year again...Some I'd just go "Eh, a 6. Or a 5".

Thinking of giving the Queens of the Stone Age album a try again though because I feel like I'm missing something to why everyone loves it so much. Right now I have it rated as a 5/10
