30 Seconds To Mars - ATTACK (one of the best songs I know)

Hello, I haven't been active in a long while, looking to come back and see how things are with the community.

Music: Rap (mostly trap), Metal/Rock

Previously active around 2014-2016

The New Age Empire is a revival of The Helghast Empire, in an alternative universe where Mael Radec survived the destruction of Helghan.

[Show Spoiler](#)

My personal beliefs are not that of the character I am with this account, above are my 8values results.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
