Monkey 9977 taunted Zeus and was promptly reminded why tress are bad places in thunderstorms.

"The Barons of England demanded the Security of Law *for Themselves*, the Patriots of America proclaimed the Security and Protection *for All*. **All men are equal before the Law.** No matter upon what spot of the Earth's surface they were born; no matter whether an Asiatic or African, a European or an American Sun first burned upon them; no matter whether citizens or strangers, no matter whether rich or poor, no matter whether wise or simple, no matter whether strong or weak, this new Magna Carta to Mankind declares the rights of All to Life and Liberty and Property are Equal Before the Law."

~Rep. John Bingham (R-OH)

*"I've always been leery of the United Nations. The very concept is comically dichotomous. Nations putting their self-interests aside in the hopes of building a global community, holding hands and Kumbaya? I mean, honestly, it's like kindergarten. Do you have rug time? I did love rug time."*
