Vickie Baines – Country Girl

intended replacement nation for United State of America
(original the character donut steel)

Who is in control of those in control?

[Why does Ben Lee \(who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner\) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.](#)

Even though I haven't really ever said it, I actually somewhat like a

few Queen songs. My mom likes Queen more than I do. But they are one of those bands I only kinda like, and I listen to rarely. They would never be among my favorites.

Ahab - The Hunt

In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.

Earth: As a Womb, Altar of Plagues.

good!

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
