Eminem - Lose Yourself. The toothbrush and Minecraft door AI covers are good too; you can almost hear the muffled lyrics there. *You better lose yourself in the music; the moment, you own it, you better never let it go; you only get one shot, do not miss your chance to blow; this opportunity comes once in a lifetime, yo...*

MAJOR WORK IN PROGRESS

REC "Hello fellow citizens in the **DOME**"

We are aware that there are some rumors about **us** but we would like to confirm that we are NOT a dictatorship despite the rumors. We are simply a necessary iron fist that are here to protect humanity from **demons** in exchange for your protection God and President Atlas demand your cooperation to serve God and the greater collective of humanity. We still would like to reassure you that we are a relatively normal place just like our neighbor **Kanto** who we deeply care about and hope are still around after these hundreds of years of our isolation. Maybe one day we will check on them once we have our own problems sorted out.

CYNIC, n. A blackguard whose faulty vision sees things as they are, not as they ought to be. Hence the custom among the Scythians of plucking out a cynic's eyes to improve his vision.

Joakim Karud - Love Mode. Ah, I remember this. I remember listening to this a lot (along with lo-fi music in general) in December 2018 while staring outside on clear summer evenings. It reminds me of a coffee in New York City scene in the morning.
