Arpasias factbooks are quite based on military - except the part of early history in one part.

I thought, it is a word game with "attache" below the flag, which fits to the bullfight, and "Apache", a military helicopter. Thats why there is a helicopter as primary banner. Although the title seems to be tied to forum activity, when I think about it longer.

I want to say the fundamental sensibilities of raypunk gothic prevail based on the aesthetics alone, but I can tell its more poignant than that. Red is a sorrowful colour, makes me wonder if clouds of sulfur have become more than just a dubious artistic proposition to the people as a whole.
