The Delegation says that they are the United Intergalactic Empire of Emus, and they are interested in the otherworldly powers of Foris

They offer Foris 50 million bucks to use his powers to destroy the Continent of Australia.

Fortunately due to the AN not saying "new ____" Foris doesn't actually die, and revives after he is spun some times, he makes sure that the Count can't change the temperature when he spins throughout reality

Man takes a bayonet and walks to the other trench, dying by a bullet in the process.

Broken lung man magically gets healed by magic people and heads back to the trench to beat the heck out of the guy who shot him.

Did you expect a signature? Really? I'm too LAZY for that.
