10 years in jail for hijacking and stealing a tank. If fired on civilians, the number could go higher for either injuring many, or committing several mass second-degree murders that can go up to a life imprisonment.

That counts as treason of the highest level, which guarantees you capital punishment, either via lethal injection, electric chair, or us murdering you in your sleep.

Oh boy, ya really screwed up this time, hm?

Depends whether a consensual or non-consensual act, or whether perpetrated against a political figure.

If consensual, not a criminal act and thus no punishment (although the press may out you and your "playmate" as bdsm enthusiasts).

If non-consensual, treated as assault and/or kidnapping - exact sentence to be decided by a jury of the accused's peers, but not exceeding 10yrs.

If done to a politician or politically active figure, treated as political protest and therefore not a crime.

Crashing the BN's economy, via the morally dubious but *technically entirety legal* means, and framing the AN' s leader as the culprit.

Legal if you convince the right people, very likely to be executed with weapons of war otherwise.

Defrauding the government

(1st RP morsel; some detail on politics and culture of CC1)

Jointly owned by multiple corporations and public interest groups, CC1 is an enclave of the financial and commercial world deep in the heart of Red [Sea Dome](#) City.

Demonym: Corporate | Capitalist Libertarian | High corruption but educated and wealthy populace

Military: Citizen militia network, strong defending each theater but historically incapable of mounting sustained attack.

That would mean the discovery of the brothel, which would be IMMEDIATELY closed.
All staff + all customers (that can be found) would be put in jail certainly, but the amount of time varies: 5-43 years.

Your pants are going to be pulled, but instead of your jeans, it's your skin. Idk and some more torture too, we're still having debates on what punishments should happen for this cruel act

Emptying one's bowels within 10-12 feet of your leader, not in a restroom.

A worthy though somewhat of trolling has reached the peak of the "Ancient Trollge" which is on the 2nd of September every year.

If the leader is a Heliosphere affiliate, the post-apocalyptic survivors don't care much. If they are a member of Helios Corporation, they are sent to a special facility to de-influence them.
