U.S.S. ENTERPRISE (CV-6) "HIT HARD! HIT FAST! HIT OFTEN!"

□ □ □ □ □

Built as the second Yorktown-class aircraft carrier of the United States Navy. The only ship of her class to survive World War II, she was the single most decorated ship in the Navy, having participated in numerous major battles and scored numerous kills on enemy ships and aircraft to earn herself a total of 20 Battle Stars. Despite efforts to convert her to a museum ship after her decommissioning in 1949, she would be sold for scrapping in 1958, with work finishing two years later.

Let's assume it's on purpose and the orphanage had people inside... Then, this is a terrorism, that will be punished with an execution by firing squad.

That depends on the site policy and site community, where this occurred. We don't intervene in such trivial matters.

A drunk and high naked man, covered in olive oil, steals a peacock from the zoo and then gives it a tour across YNs capital in a stolen sport car. During the tour, he loudly tell it the city's history, he made up.

Sky Reavers are retconned Skyhooked. A bunch of crazy, wild everpartying semi-anarchists, who are resistant to cold, heat and diseases, can process booze like hell. MT/PMT tech. Wanna know more or have a request? It's here: <https://forum.nationstates.net/viewtopic.php?f=23&t=505973>

Remember, the fact, that we are semi-anarchy doesn't mena, that ya' can go around and rob random people. We still got law and order, loose as they are.

Assuming that they must have trafficked with Satan and be in league with the Devil in order to gain such occult power, they would be exorcised and then burned alive for witchcraft.

Blasphemy and sacrilege.

Alternate Virginia ruled by a far right Christian Fundamentalist regime, guided by the Dominionist ideology of theocracy.

I'm not a Christian Fundamentalist in real life, nor do I LARP as one. You guys seem to need to distinguish between IC and OOC.

Farting on someone's face would land you a 2 month in a reformatory center for public indecency. Stealing a boar from the zoo can land you a fine of more than \$10 grand. Everything else is legal.

Death by guillotine.

Anti Semitic propaganda.

I reject your morality and substitute my own.

Maturity is not conformity to societal expectations, but honest self examination and deliberate defiance of false imperatives, regardless of the consequences.

If they are from an enemy country no punishment. If they are from an ally the assassin would be extradited to the country in question so they can determine the punishment.

While we had never encountered such event, eating while driving is still a form of crime as the driver is not taking attention to the car he is driving, with that said, usually we would give a 30\$ fine.
