AN has nothing, replying AAN instead.
Trespassing; you're likely told by the security guards to knock it off. That is, once you've got hospitalised.

Assuming this refers to an involuntary surgical procedure, then the same procedure would be carried out on the perpetrator to make them - ahem - "gender neutral".

If this referred to either in-vitro gender selection or incorrectly stating someone's gender in prose/speech, then nether of these are a crime in themselves.

Deliberately deleting the criminal, banking, tax and employment history records of an entire nation, including any backups.

The "Willie Dee" was a *Fletcher*-class destroyer built for the United States Navy during World War II.
Her three-year career was plagued with a series of hilariously unfortunate events, earning her a reputation as one of the unluckiest warships in naval history. She earned four battle stars for her service in World War II.
