Depending on the state in question, it can be anything from administration of castor oil to public caning to flogging to six months in jail.

Upskirting.

Distributist, pagan, history buff, civil libertarian, mostly republican, but willing to accept some monarchy as well being a big King Charles III stan. You've been warned. I'm also very skeptical and critical of Fourth Wave feminism. Delvian States is a confederal monarchy with autonomous principalities that often have their own laws. NS Policies aren't entirely reliable canon for that reason at least.

If you did that on purpose and in public, you'll spend the rest of the day in jail, followed by a week of community service, and then writing an embarrassing apology to whoever you upskirted.

Attempting to summon Cthulu.

Cool motive, still murder. Imprisonment (up to for life) or death by public hanging, depending on which Province it has happened in.

If a convicted paedophile and you're a general population-type offender, a short prison sentence (1 to 5 years). They're almost invariably on death row anyway but it would be better to let the appeals go through to make sure they actually did it and an innocent person wasn't executed.

Depending your character (and potentially that of any other witnesses), you either get acquitted on self-defence (and become a local hero) or they accuse you of lying.
