Val'Grazia: A feudal monarchy set in a fantasy world that uses a partially original magic system inspired by Warcraft.

Is having a continuous stream of good luck a sign of God or is it proof we live in a simulation, where plot convenience keeps going in my favour?

Corporatocracy

Imperial States of Duotona

Duotona is a nation nestled in the Pacific Ocean. Marked by the scars of its bloody past, the people of Duotona persist and have given the nation a voice from which it preaches the word of peace and democracy across the globe!

Nation reflects OOC views. NS stats are sent to the shadow realm.

Someone else above already said what I was going to say, so I'll do Horacellum Testing Grounds.

Weird Technocratic oligarchy with a one party system, advancement in the party determined by your schmoozing and sponsorship of successful or promising research.
