"Kamile is an exceptional leader. Definitely the kind of stuff I was talking about when I mentioned that I prefer leaders with not entirely political backgrounds. Despite mounting odds, Kamile's courage and determination pushed her on. With her excellent leadership and her strategic thinking, she kept her battalion alive and well. This... is the story of someone I would consider a true hero. I hope she's doing well. Post traumatic stress is no laughing matter"

"I can fully understand the reasons for hating socialism and communism. It was a practice that was aggressively pushed and badly executed by leaders with evil intentions. Many lives were lost for the ideologies and I would condemn all those who were guilty of such to achieve it... Still, I have since edged away from it a little and allowed people to run their livelihoods through their own personal creativity. But there are some good ideas in those ideologies that I still follow"

"Anyway, As for Sylvia herself, There is not much I can find of her views, apart from the hatred of both communism and socialism, which again, is understandable due to the soviets that she had to fight against in a war. I am rather interested in her ability to use magic though, but then magical types have always been a keen interest of mine. I have also noted her weakness for sweets, so I suppose if I were to ever meet her, maybe I could sweeten the encounter with something from my domain (That was a terrible pun, I know). Overall, maybe we could work something out. It is just a matter of assuring Sylvia that I am in no way like those destructive leaders that she fought against, let alone those that practice the ideologies she so despises. If that can be achieved, as I have with other anti-socialist/communist nations, then I am confident we can at the very least be friends in the long term"

"So this dragon, a great being of power, is an infidel pacifist dirty communist tree-hugger that opposes slavery? I think the Church of Illustris Rex will have something to say about that with their 30 million active crusaders. I will continue being wary, my ancestors fought a dragon twice and we're still dealing with the aftermath of that one. I know we cannot ever trust this dragon. But I'll try to avoid antagonizing them for the time being, and just continue enjoying this roast duck and fine wine."

Opinion on the Galerius

Status: Not Classified, for public's eye, if necessary

I still remember when this manlet lard and his grandson wrote pieces about me repeatedly, and I guess that it is my time now. Well, gonna enjoy roasting you with pleasure.

Your parents seem to have had long titles too... Ha! It seems that apple indeed doesn't fall too far from the tree. An only child, pampered to hell, having a personal slave at 7, and ascending to throne at 12 after his father's death, who was probably a lard as well, huh? Now, I am not saying that an only child can't be a proper brick in a society, as it depends on how strictly they are raised, but he is an extreme case of someone spoiled in their childhood and who never got told "no". Pfft, go ahead, continue to throw your parties and orgies while most of your proles, or peasants rather, have to scrap for a living. Sure, my lower classes aren't much better off either, but at least I have to give them some color in life so they stay content.

Now to his politics... I can't believe how many views I actually do share with this man, particularly when it comes to theocracy, imperialism, totalitarianism, and colonialism. That said, I am not feudalist despite the accusations, and my command economy clashes with his mercantilism. From what I have heard, your nobility would throw a fit if a commoner would marry someone from higher classes, but not give a damn if two from the same gender would have a thing which is taboo to mention. Huh, gonna be honest - I still find you highly despicable, and would rather support CNG, but then again I would probably have several issues with them as well. It is hard to be a nazbol, after all."

So, with the way you are currently living you will not live more than a decade, huh... Then go on, live ahead while you still can, as most of those under you will probably get a sigh of relief before another similar sh*tstain gets to power, because it seems to be an endemic problem within your family. I don't have much hopes about your niece either.

"I read about her, and I suddenly become nostalgic about my old times, when I was a common road warrior and took part in many raids. How I fought in North Korea... Just me, motorbike, and a warband I was in. I can still feel that slight tingling in my old battle scar on my face, I got from shrapnel. And I also got a large burn scar on my left arm. I bear it with pride. And I also bear some luxury items, I've pillaged in the houses of the party elites in North Korea. In some terms, she is just like me.

Although, there are differences too, while I too care for my folks, I am more open minded and less inclined to kill people. I mean, I am a fierce warrior, but I don't kill on slightest provocation."-Shawn Bjornson

"I cannot even comprehend how much degeneration is required to become as anarchic and disrespectful as this 'Bjornson' figure shown above. Law and Authority is superior to everything else, and this commie disrespects every hierarchy I stand for. The shotgun is reserved for heretics like this anarchist. Those who loathe me for being totalitarian don't realize that anarchy is a much worse alternative. Would you rather have a few bad apples abducted and removed from society in order to keep the peace or have everyone go kill each other in a frenzy. And he spread his unlawfulness to once orderly nations. While the recently-annexed North Korea may have had a communist economy, their emphasis on nationalist and reactionist values is what makes them preferable to the lawlessness brought by this Bjornson degenerate."
