Man, it's been a while since I last listened to that...probably wouldn't like it anymore though. ☐

Cash is a decent starting point. A lot of his stuff has some early rock influence floating around in it.

I've found modern country music generally spoils the genre for many people, but maybe that's just my old grump-ism talking.

I'm General Patton.

Even those who are gone are with us as we go on.

Nah, I hated country music for a while because of modern country, and I'm a teenager. ☐
