Intramuscular administration of botulinum toxin acts at the neuromuscular junction to cause muscle paralysis by inhibiting the release of acetylcholine from presynaptic motor neurons.

Can I have that? ☐

A dove cannot beat a polar bear!

NS Stats and Policies have been drained for their Thaumaturgic Energy, and thus only factbooks are canon for this nation.

Seriously, I put a lot of work into them, don't let that be for nothing

In a nutshell: A flawed but ultimately well-intentioned libertarian socialist federation set in a fantastical sorta-post-apocalyptic world inspired by [New Weird](#) and [Cassette Futurism](#), on a rugged and only partially tamed continent of scattered ancient ruins, bustling fortress-cities, beautiful but alien wilderness,

and above all, boundless hope and opportunity for those willing to fight for it.
