You failed to state a crime. The closest crime to this in my country is failing to respond to a crime which is a hefty fine of 500 zorknids.

3 years hard work for damage to property if it belongs to a Khardslander. If it belongs to someone associated with Helios Corporation, you'd be lucky to only get a lifelong imprisonment.

Weapons of Mass Destruction are banned in all Heliosphere member states, including Khardsland. That person will be lucky to only be tortured and publicly shamed upon their release.

Slapping a drunk woman so hard that she dies (not self defense).

No punishment, but it could get you a small fine or even some jailtime if it is found that shaving the animals directly lead to their death.

Seen as treason, so a \$20 fine. Also, did I mention you'd also go to prison for life?

Dismissing your own students and keeping them in your classroom for 20 straight minutes, rather than letting the bell do the job?

Not a Crime, it is normal, this is because, School Class is better than increasing obesity, and after 20 minutes of "i dismiss you, not the bell" situation, you can eat food whatever you want, but in Western Furballland, it is seen as unfair judgement to students, and the teacher with be reprimanded by the principal.

This will get the Teacher Suspended, even if it is the right reason to be punished, and it is not good to abusively punish students, it will cause trauma to students.

That would classify as public sexual act, and it would result in a 2.000 USD fine plus 1 year in jail. If any children see him then 6 more added months plus reparations for psychological damage.
