The Federation of Greater Rostoria is a Medium sized nation with a powerful military, strong economy, and big influence all over the world. NS stats are not canon. The nation has a lot of Germanic influence but also some Slavic and Prussian ones. The nation is overly patriotic and has a big industry in oil, gas, automobiles, and military equipment.

Pop- 83 million
GDP- 4.1 trillion
Army- 850k

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
