I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

He said "I'm sorry, I committed a sin, I made a mistake. I asked (? ? ?) to forgive me... please forgive me."

He said "mea culpa," can you put it better?

I'm saying I'm sorry, I made a mistake, I made... I committed a sin, I made a mistake, and I'm never gonna do it again, I never did it before and I'm never gonna do it again

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Passengers - Your Blue Room

From *Original Soundtracks 1* (1995)

It's time to go again

To your blue room

Got some questions to ask of you

In your blue room

The air is clean, your skin is clear

I've had enough of hanging 'round here

It's a different kind of conversation

Your blue room

U2 - Do You Feel Loved

From *Pop* (1997)

Take these hands, they're good for nothing

You know these hands never worked a day

Take these boots, they're going nowhere

You know these boots don't want to stray

You got my head filled with songs

You got my shoelaces undone

Take my shirt, go on take it off me

You can tear it up if you can tie me down

Do you feel loved?
Do you feel loved?
Do you feel loved?
Do you feel loved?

Mike Oldfield - In the Beginning
From *The Songs of Distant Earth* (1994)

In the beginning God created the heaven and the earth

*And the earth was without form, and void
And darkness was upon the face of the deep*

And the Spirit of God moved upon the face of the waters

*And God said
Let there be light
And there was light*

*And God saw the light
That it was good*

George Michael - John and Elvis Are Dead
From *Patience* (2004)

*Close friend of mine as a child fell into a slumber
No sign of life since '75
Then one day he just, what do you know?
I guess God just called his number*

*He called me up, he called me up and said
"I've been awake about a week.
I'm thinking about asking the doctor
If he could put me back to sleep."*

*Then he laughed and said
"Hey, all the girls they look the same.
Don't they know just what their mothers paid
In blood and tears to change."*

Radiohead - Packt like Sardines in a Crushd Tin Box
From *Amnesiac* (2001)

*After years of waiting nothing came
As your life flashed before your eyes
You realize*

*I'm a reasonable man
Get off, get off, get off my case
I'm a reasonable man
Get off my case
Get off my case*

*Pulang ke kotamu
Ada setangkup haru dalam rindu
Masih seperti dulu
Tiap sudut menyapaku bersahabat, penuh selaksa makna*

*Terhanyut aku akan nostalgia
Saat kita sering luangkan waktu
Nikmati bersama
Suasana Jogja*
