It seems that 1272 found out, by investigating recent deaths, that Monkey 1 was somehow involved in the inflation of Monkey 1273's medical bill. He was about to run a story in the Monkey Newspaper, but his story was rejected. Then soon after he was abducted by two other unidentified monkeys. We never heard from 1272 again and we can only wonder what happened to him or the truth. Is Monkey 1 behind all of this? Is this a conspiracy? We don't know and the one who does is probably no more...

Monkey 1271, a journalist who also worked for the Monkey Newspaper, sought to find out about the true nature of 1272's disappearance.

He ended up meeting a grim fate similar to that of the monkey whose

Monkey 1269 was implicated for the death of 1271. He was arrested and jailed in a maximum security prison. He escaped but was pursued by the police. He was eventually cornered but he resisted being captured and so he was shot dead by SWAT team members armed with automatic weapons.

Alphonse and Fish made a movie in which they investigated the murder of Monkey 1. They concluded that either smugglers did it or pirates did it. While watching the movie, Monkey 1267 laughed his head off - but that didn't kill him. Fish insisted that it wasn't a comedy, so he ate Monkey 1267.

Monkey 1265 died from an epic explosion caused by a botched carbide barrel explosion experiment conducted by the scientists. (The monkey was the one who lit up the barrel.)

Monkey 1259, monkey 1258 and monkey 1257 were best friends and they did everything together despite their physical challenges - monkey 1259 was blind, monkey 1258 was deaf and monkey 1257 was mute.

So, unfortunately, monkey 1259 didn't see the train coming and monkey 1258 didn't hear the train coming. Monkey 1257 saw the train coming and he heard the train coming - but being mute, he couldn't tell his friends to get out of the way.

So they all died together.

Monkey number 1256 was driving back from Monkey 1259, 1258, and 1257's funeral and in their tears did not see the semi-trailer truck hurtling at them at 100 mph.

Monkey 1255 was a passerby when the crash involving Monkey 1256 happened right next to him, and he was killed by the flaming debris going straight at him.
