Their second album is well worth a listen, it's got some cool guests and I absolutely love Ice Cream. It's nowhere near the class of Mirrored though.

I perpetuate bile
A build up congestion
Epididymal retention
My semen is flames
Flagellum is pain
F*** Fate
Earth's crushed from atomic weight
With a hardened thrust
Deep in the core
A seismic tunneling
A rhythmic pummeling
Incinerate
The molten rock
A rancid genetic

I've known the Mirrored album for years (Even way before I really got into searching for new music the last year 1/2, since Spotify), and I've always dug it.

Really like the Bjork I've heard. I really need to listen to more, though.

I'm going to sound like a broken record by now, but I also grew up on Bjork.

Hammock-Longest Year

Edit: This is probably one of my all-time favorite ambient songs. These guys have quite a bit that would fit in that category, actually, from what I have heard so far.
