Deerhoof-I Did Crimes for You

Deerhoof is a very strange band. I think describing the singer as "anime" as someone did is probably the best description to describe her vocal style.

I figured, but I didn't know what you meant by asking if you, or me, could list them or whatever.

Deerhoof-Hot Mint Air Balloon

My Deerhoof playlist has 77 songs on it and it is only 3 hours and 22 minutes long...Damn these guys have a lot of short songs.

Deerhoof-Giga Dance

Probably the closest these guys get to metal, and I'd consider it to be a very loose definition of metal at that.

Hmm, I like this, and I'm not usually someone who likes something that sounds kinda dancy.

It is classified as Dubstep, and 2-Step Garage, which is apparently a dance genre.

This much better than most Dubstep that you hear.
