It's 10 PM MST and I've been working on late German work for three straight hours. I am completely shot, and am wailing and headbanging along to 2112. It's not pretty.

Mota, The Offspring

Losing has just never, felt soooo right

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

I am listening to a preview of 'The Worst Hangover Ever' by the Offspring.

Really mixed opinions on it. It doesn't sound like them, at all, but it's not bad...It's sort of ska'y.
