Yes. It's the only Queen studio album I haven't listened to yet.

I'm not surprised.

Why? (I think I know the answer, but want to be sure)

Because Flash was the album that failed sales wise immediately after The Game and it's why queen never sold quite as well in America afterwards.

Oh, I thought it was because of The Works. That's what it said in a documentary. ☐

I honestly don't like it too much either.

Flash bombed

Hot space was "too poppy"

The works was a step in the right direction, but it was too late for the majority of the American population.

Queen- Good Company

Well, to be fair it is a movie soundtrack. Those are hard to make interesting. Especially if the movie was a flop (which it pretty much was).

Some of the best and most original soundtracks come from the least popular movies and games.

Nothing particularly noteworthy.

no more tears, ozzy osbourne

guilty pleasure.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

That one Gotye song that I shouldn't even have to name.

Республіка Рурідова - Королівство Вілкія

"For I was hungry and you gave me something to eat; I was thirsty and you gave me something to drink; I was a stranger and you invited me in; I needed clothes and you clothed me; I was sick and you looked after me; I was in prison and you came to visit me... Truly, whatever you did for one of the least of my brothers and sisters, you did for me."
