Not a crime by itself.

Scamming old folks out of their retirement savings.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

~~Disappeared, but also not disappeared.~~

On a more serious note, such signs would never be put up by authorities, only some other mates would be willing to do such a thing, and those who don't follow it, however that might be achieved, cannot be punished.

This scenario: four home invaders break into somebody's home. The owner of the home blows a golf ball sized hole through a home invader with a Kentucky rifle, killing him on the spot, then draws a pistol on the next guy, only for it to miss entirely because it's smoothbore and nailing the neighbor's dog, then resorting to a cannon on top of the stairs loaded with grapeshot, blowing away two home invaders and setting off car alarms, and then after that, stabbing the last terrified invader with a bayonet, who bleeds out because triangular bayonet wounds are impossible to stitch up. What penalty might the homeowner receive?

yeah, pretty much a reference to [this copypasta](#).

Not only would the homeowner face no penalty of any kind, the homeowner would be entitled to sue the invaders' family for the damage to his house. Self defense is a constitutionally guaranteed right as is the unrestricted right to purchase, keep, bear, carry and use arms.

However, if you purposefully did so, you are jailed for 4 years with no bail.
