Looks corporate, which is shady for a nation, but it doesn't seem overtly evil.

To be Quite Honest here, that Flag Looks quite saintly. The Only Notable "Evil" that Appears to me is the combination of Red and Blue. I suppose it's quite an Orthodox Nation?

The big bold symbol gives it a menacing feel, but it looks like it would inspire more nationalistic feelings than fearful ones.

I dont like libs, and I don't use stats but they are a good indicator of Talatorrum's structure.

An alternative universes equivilent to the United States. Where the 18th-19th century American spirit continued on to modern times And which Poliitical correctness feminism and other communist subversion never existed or was crushed.
my nation is basically what the Founding Fathers actually Intended America to be, or in a simple way to put it the America Portrayed in the Red Dead Redemption series set in modern day.

What if Eastern Rome survived?

Basic Overview: Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.

2/10. Not much of a villainous or fascist feel going on there. The somewhat American aesthetic could hint at some level of excessive military intervention, though not enough to rate it any higher than 2.

Everything is a WIP. I use NS stats/policies except when otherwise specified.
