The Athenian Sea League is set in a low fantasy world where all the legends and myths from greek mythology are true. And in it's current form the Sea Leauge is a collection of city-states, oligarchies and petty kingdoms led by a triumvirate of it's three most prominent member states: mighty Athens led and represented by it's Archon Eponymos Pericles, "Father of democracy", brave Macedon led by Perdiccas III "the Wise" and represented by a court official by the name Pausanias and fearless Crete which in itself is a union of Cretes two most powerful nations, Pefki and Messara which each having to share one representative, said representative being Podarkes.

Eastern Orthodox or independent Catholic.

We stand not for kings and for lords, but against them. We fight not for race and oppression, but to smash them. We struggle to bring freedom back in the hands of the people, on the riverbanks, up in the mountains, and out on the sea.

The point is not to make a perfect world, just a better one - and that is difficult enough.
