Colonel Jurten leads Krieg, with his second in command now leading all of Krieg's forces on Earth. As such, Captain Hans Lanok is the representative for Krieg for scenarios on Earth, with Jurten being on other planets.

NS stats are not canon. We do not do grid wars or NS Stats, all wars must be fully RPed.

The McDonalds Empire is based in an alternate universe where McDonalds took over the United States. It is a tier 8 and a type 7 on this scale <https://forum.nationstates.net/viewtopic.php?f=23&t=453617> and since people but anime girls on their flags I put him in my flag, check the nation "McDonalds empire og flag"

IC name does not include Gaia in it, it's just 'United Nations', NS stats are not canon and are not used.

10/10 international organizations with symbols like that always have a nefarious purpose behind them.

Truly the evil empire seeks to kill us all with dogged arteries.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

*Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.*
