Probably not.

IC name does not include Gaia in it, it's just 'United Nations', NS stats are not canon and are not used.

Seems interesting, an extremely far future country. I'd live there.

Yeah, sure. Why not?

I'd say this nation is about 85-90% representative to my beliefs

About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

I'm probably in the minority, but I actually pay more attention to in game stats than to roleplay
