Part of a Multiverse I Started in Grade Schoo

The Athenian Sea League is set in a low fantasy world where all the legends and myths from greek mythology are true. And in it's current form the Sea League is a collection of city-states, oligarchies and petty kingdoms led by a triumvirate of it's three most prominent member states: mighty Athens led and represented by it's Archon Eponymos Pericles, "Father of democracy", brave Macedon led by Perdiccas III "the Wise" and represented by a court official by the name Pausanias and fearless Crete which in itself is a union of Cretes two most powerful nations, Pefki and Messara which each having to share one representative, said representative being Podarkes.

What does it mean? 🤔

It's a lyric from Belorussian group Molchat Doma' (silent houses) song "Sudno" (medical vessel) as well as from the eponymous poem. Basically it translates like: "Living is hard and uncomfortable, however, dying is comfortable". Basically what this means in the original is that life sometimes becomes so unbearably hard that dying is viewed as a better alternative.
